The Tariff and Trusts.

Tariff reform is one of the cardinal principles of the Democratic faith, and people that we must make sensible the pecessity for it was never greater trade arrangements if "we shall exthe necessity for it was never greater than at the present time. It should be plus." He said a system which proundertaken at once in the interest of vides a mutual exchange of commodi

The Dingley tariff is excessive in ties is manifestly essential to the continued and kealthful growth of our many of its rates, and, as to them at least, unjustly and oppressively burdens the people. It secures to domestic manufacturers, singly or in combination, the privilege of exacting excessive prices at home and prices far above prisals. Reciprocity treaties are in level of sales made regularly by m abroad with profit, thus giving a material to the specific measures of retaliation are not. them abroad with profit, thus giving a ounty to foreigners at the expense people. Its un-burdens the peo-terest of our manufacturers whose protaxation burdens the people generally, forcing them to pay excessive prices for food, fuel clothing and other necessaries of life. It levies duties on many articles not the problem of more markets requires our urgent and immediate attention." He had come to realize that levies duties on many articles not the so-called "stand pat" policy must normally imported in any considerable give way—that there must be a reduc-amount, which are made extensively at tion of duties to enable our manufachome, for which the most extreme pro-tectionist would hardly justify pro-tective taxes, and which in large had won the affections of his countryamounts are exported. Such duties have been and will continue to be a direct incentive to the formation of huge industrial combinations which, secure from foreign competition, are enabled to stifle domestic competition and practically to monopolize the home market.

It contains many duties imposed for tries where they can be entered int the express purpose only, as was openly avowed, of furnishing a basis for reduction by means of reciprocal trade treaties, which the Republican administration impliedly, at least, promised spurred on by protected interests, defeated the treaties negotiated by the executive, and now these same interests are also as a promoter of large enterprises in this and the enterprises in the enterprise in the enter executive, and now these same inter-ests cling to the benefit of these duties which the people never intended they (Continued on Page 2)
